Do's

- Put some lemon juice and salt in bottle. Fill half of the bottle with hot water. Leave the bottle for few minutes.
- After 15-20 minutes shake it well and rinse away the water from a bottle, and clean it with normal water for 2-3 times .
- Cleaning once in a week is required.

Dont's

- Do not use scrubber/chemicals to clean the bottle outside.
- Do not use the bottle for storage other than water.
- Do not deep freeze the bottle.
- Do not apply any soap/cleaning powders on the surface.
- Do not keep the bottle in a deep freeze.
