HOW TO USE YOUR

ELECTRIC KETTLE SAFELY

DO'S

1

Use the electric kettle to boil water only.
Do not boil milk or other beverages

2

Keep the kettle switched-off when empty.
Fill the kettle before turning it on

3

Use a damp cloth to clean
the surface of the electric kettle

DONT'S

1

Do not keep the lid open when in use.
Auto cut-off will not work with the lid open

2

Do not overfill. Fill upto the maximum level
mark, to prevent leakage or burning smell

3

Do not wash the base or the power
cord of your electric kettle

DO'S

Fill the kettle upto maximum level of water indicator

Check the power cord regularly before using the kettle and before plugging in the socket

Use this kettle to boil water for flavoured tea, coffee, lemon water and to make soups

Use the cord winder to avoid entanglement of wire and easy storage

Use the kettle on a flat and solid base only

DON'TS

Do not immerse the kettle and power cord into the water. Use a damp cloth to clean the appliance & power cord

Do not use the kettle near hot surface or open flames

Do not use the kettle if the power indicator and auto cut off is not working

Do not touch any part of the kettle except the handle when you are using it

Do not use other power cord bases for the electric kettle
